Any such information will be held in a secure environment. Your personal data will be kept for a maximum of 6 years, or as long as is required by the FCA, following the end of your business relationship with Dentons, after which time it will be destroyed. The lawful basis of the data processing is that you (known as the 'data subject') are giving your explicit consent that collection of the data is necessary for the performance of a contract with Dentons in respects of the products and services provided.

Product providers and Investment Managers may administer your Plan investments and provide other services from centres in countries outside Europe that do not always have the same standard of data protection laws as in the United Kingdom. However, they are required to put a contract in place to ensure that your information is adequately protected, and they will also have to fully comply with GDPR, even when your personal information is held outside of Europe.

If at any point you believe information about you is incorrect, you can request to see this information and have it corrected and possibly deleted. You may also request that your data be transferred to another data controller in a machine-readable format. Providing you with your data information is free of charge, but charges may apply for excessive requests.

22. Electronic identification

We may verify your identity electronically on a periodic rolling 3 year basis by matching information held by credit reference and fraud prevention agencies to comply with anti-money laundering and data protection regulations.
