

# Shares in an unquoted UK Limited trading company.

A SIPP or SSAS with Dentons Pension Management Limited (Dentons) can purchase shares in an unquoted UK limited trading company subject to satisfying our due diligence requirements and that it will not constitute indirect investment in 'taxable property' (i.e. residential property and or tangible moveable property) at any time while the SIPP or SSAS holds the investment.

Please read our separate investment Guidance notes before completing this form.

Details of how to establish that a proposed investment will not constitute indirect investment in 'taxable property' is set out in the separate 'Guidance for a non-standard investment' form. If you believe that the proposed investment(s) is (are) permitted, please complete all relevant sections of this questionnaire, sign and date the declaration and return the questionnaire to us. We will review the completed questionnaire and will let you know the outcome.

We reserve the right to ask for further information if we need it to enable us to make a decision.

It is important that Dentons is aware of the percentage holdings of the main shareholders as we need to ensure that the pension scheme, either alone or together with associated persons (please refer to the definition in the Guidance notes), would not have control of the company with over 50% of the shares. Therefore, we either look for diversification of ownership where the pension scheme or parties connected with it together with a combination of up to any four other shareholders cumulatively hold less than 50.01% of the shares or there is already an unconnected single shareholder with outright control, ie holds over 50.01% of the shares.

If you are able to purchase the shares as outlined, please provide a FULL list of the company shareholders post-purchase and their shareholding.

If the shares are to be acquired from a connected person, we will need evidence from a suitably qualified independent professional that the price to be paid is the current market value.

**Please note:**

If there is insufficient space for FULL details, please provide details on a separate sheet and submit with this document.

**Risk warning: this section must be completed.**

Why do you think the investment is a good investment for your pension scheme?
